

## **TTSA Membership Pledge**

*I pledge that I will do everything in my power to comply with the laws and regulations regarding the Towing & Vehicle Storage Industry. If there is a law that is unjust, I will work with TTSA and within the system to correct it.*

*I will not take advantage of vehicle owners in situations that are out of their control or responsibility, or the vehicle is towed without the owner's consent. I will treat the public fairly in all dealings.*

*I will work diligently to improve the image of the Texas Towing Industry, and support fellow towers along with TTSA efforts.*

# Texas Towing & Storage Association

*UNITED TO IMPROVE THE INDUSTRY*

For more than 40 years the Texas Towing and Storage Association has been uniting the Texas towing industry by giving a 'voice' to Texas towing companies. The continuing efforts to preserve and protect the interest of the industry would not be possible without active involvement of towers like you.

We are proud that TTSA continues to be on the frontlines to combat unnecessary and burdensome rules and regulations from the numerous regulatory bodies that impact our companies and livelihood. Some of our most effective work is not what becomes a law or rule but striking down the countless detrimental proposed laws or rules.

However, TTSA is so much more than a legislative watchdog. We are your information resource. Keeping up to date with TDLR rules can be confusing at best. We are here to help with your questions and give you timely updated information on changes that affect you.

## ***TRAINING & EDUCATION***

TTSA's number one priority is the safety of our industry by getting the word out about the Move Over Law and providing nationally recognized top-quality education. Our committee of dedicated trainers make available outstanding programs in Texas.

We offer light and heavy duty courses that give excellent training from your newest employee to the most seasoned driver. TTSA's commitment is to provide instruction that not just satisfies requirements but gives an operator the skill to be a safer member of the industry. This can help your business by reducing costly mistakes, damaged equipment, and higher insurance cost.

## ***MEMBERSHIP-***

### ***HAS ITS PRIVLEDGES***

Being a member not only helps the industry and your business legislatively, but we provide services and products you need every day.

TTSA provides discounts to members on Certification Testing which is a pre-requirement for a TDLR private property or incident management license. We also offer some hands on TDLR required continuing education at discounted pricing.

We keep you updated with emails about TDLR & legislative updates, meeting & training dates, and quarterly memos on safety and human resources.

Tow tickets are a daily expense that can add up and compliance with TDLR regulations can be mystifying. Let us help with the confusion. TTSA offers discounted printing of not only tow tickets, but other customized printing such as dispatch forms, envelopes, and more.

TTSA is fortunate to have vendor members (Allied) that offer extremely competitive pricing to members on everything from insurance, equipment, credit card services, and much more.
